ROUTES TO EUROPE, RUSSIA, THE MIDDLE AND FAR EAST

Stop Lights

Before the light turns green, before you pick up speed, let us warn you about the dangerous intersections and tell you what the stop signs mean.

CAZES AIR BASE - HUB OF THE WORLD'S AIR ROUTES

In Casablanca, the words RESTAURANT and BAR mean:

DO NOT ENTER!

Transmitted in impure food and water, dysentery diseases are common here. Night-soil is used to fertiize vegetable crops; utensils in restaurants and bars are not clean. Therefore the use of other than army-sponsored mess halls is forbidden. Army sponsored mess halls serve clean food and water. They are the ONLY places here where you may be sure they do.

In Casablanca, the words WANT FUN, JOE? mean:

DEAD END STREET!

Venereal disease is prevalent. Infection of the local populations is high, too high to take a chance on. Hunger and ignorance have driven some of the population to assault and theft. For the most part people are friendly, but play it safe. An offer to introduce you to a woman may lead you to an ambush. Anyone selling rare jewelry on a street corner made it yesterday. A soldier walking alone at night is subject to robbery and attack. These are not just guesses. We KNOW.

In Casablanca, the words BUSINESS, JOE? mean:

DANGER! DYNAMITE!

Commodities - food, clothing, cigarettes - are scarce here. Inflation prevails. Soldiers making sales of ANYTHING are guilty of stimulating the black market and inflation. Sales are forbidden, punishable by imprisonment and severe fine.

In Casablanca, the words:
DON'T OVERSTAY YOUR PASS
DON'T BE DRUNK AND DISORDERLY
DON'T DESTROY CIVIL PROPERTY
DON'T GO OFF LIMITS
mean WHAT THEY SAY!
